

BUILT FOR TODAY. AND BUILT FOR TOMORROW.

Shouldn't a home be both a place to rest your head and a rewarding investment?

That's been Graywood's philosophy for over three decades. As a Toronto-based private investment management company we specialize in developing real estate properties of exceptional quality. Our impressive portfolio of single family homes, townhomes, mid-rise condo buildings, and high-rise towers throughout North America includes notable residences such as the landmark Ritz Carlton Hotel and Residences, Ocean Club, St. Clair Gardens, Regency Estates, Peter and Adelaide, Scoop and Scout Condos and Wonder, as well as Fish Creek Exchange and The Theodore Condos in Calgary.

At Graywood, we have a keen eye on where and how people want to live. We believe in developing spaces that are not just optimized for life today but built with a vision of a prosperous tomorrow. Because if a home is one of the biggest investments you'll ever make – shouldn't your real estate developer also be an investment expert? We think so. And that's why we're both.
